

We're rebuilding the American middle class with the **Employee Free Choice Act**

Workers need your support!

Thanks to wide support from workers across the country, the Employee Free Choice Act was overwhelmingly passed by the U.S. House of Representatives earlier this year. Yet this piece of legislation that would help workers nationwide faces a filibuster threat in the Senate, even with a majority support from Democrats and Republicans.

The Employee Free Choice Act would require employers to:

- Recognize a union after a majority of workers sign cards for union representation;
- Provide for mediation and arbitration of first-contract disputes; and
- Authorize stronger penalties for violations of the law when workers seek to form a union.

With DRIVE, we'll fight to get this landmark legislation passed. We need your help today!
